

Summer Term Year 6

In English we are learning:

- Balanced argument-Should David and Tucky help the German pilots?
- Non-chronological report-Role of Women in WW2
- Visual Literacy Unit-The Piano
- Dialogue to convey character and advance action
- Describe setting, character and atmosphere

Our Class Text is:

Journey to Jo'burg
By Beverley Naidoo

In Maths we are learning:

- Revision and preparation for KS2 assessments
- We will be doing lots of revision work on consolidation of key mathematical concepts ready for KS3
- Mathematical investigations and real life problems

In other subjects we are learning:

Geography-Explore the oceans of the world and the problems the oceans are facing, including what can be done to help. We will be researching the life of David Attenborough to create a biography.
French- Recap conversation skills and family tree in French
SCARF-Rights and respect and Growing and Changing

In Science we are learning:

Properties and Changes of Materials

- Compare and group materials based on their properties
- Know that some materials dissolve in a liquid to form a solution, and describe how to recover a substance from a solution
- Explore reversible and irreversible changes

Animals including humans

- Identify and name main parts of the circulatory system and describe the functions of the heart
- Recognise the impact of heart, exercise, drugs and lifestyle on the way their bodies function
- Describe the way in which nutrients and water are transported

Evolution

- Recognise that living things have changed over time and that fossils provide information
- Adaption to environment, evolution
